

Violence in the Workplace: How to be Aware and be Prepared

Workplace Safety Webinar Series

Thursday, September 21, 2023 – 11:00 am to 12:00 pm

[Click Here to Register](#)

Workplace violence training provides employees with the knowledge and skills to recognize, prevent and respond to potential incidents. The goal is to create a safe and secure working environment for all employees to minimize the risk of harm.

It's important to note that the content and depth of workplace violence training may vary depending on the specific industry, organization and regulatory requirements. Employers should tailor the training to address the unique risks and challenges of their workplace.

In this webinar, we will discuss:

- Understanding Workplace Violence
- Recognizing Warning Signs
- Risk Assessment
- De-escalation Techniques
- Reporting Procedures
- Policies and Resources

Join us to learn about preventing and reacting to violence in the workplace from your OECS workplace safety experts!

WHO

This event is for business Owners, Presidents, Safety/HR Personnel, Plant Management, Construction Superintendents, Project Managers and Foreman!
